Dear Louis:

I still am on a high after watching what you accomplished for my son yesterday at the TMB hearing.

As a practicing attorney for over 50 years, I could both observe and recognize your legal accomplishments, both prior to, at, and subsequent to the hearing.

Your legal talents, personal determination, courage and people skills are unique and powerful and resulted in the accomplishment of the goal that we set out to accomplish.

I felt similar to member of a lion's pride, with our lion out in front protecting us.

Thank you very much. I am indebted to you.

Best personal regards.

Sincerely,
